North Scott Rotary Serves THIS FRIDAY AT THE STEEPLEGATE

The North Scott Rotary Inspiration Play Zone

The North Scott Rotary Inspiration Play Zone is a unique playground to be constructed at Sheridan Meadows Park in Eldridge; which will utilize the 7 principles of inclusive play to bring a more comprehensive and engaging play experience to a diverse group of populations in the North Scott and greater Quad City Area. The playground is meant to be a generational and all-inclusive recreation area intended to foster fair play and build positive relationships for children, parents, grandparents, school groups and others in the North Scott area and the greater Quad Cities. This week's program will give the club membership the opportunity to learn the latest news on the playground timeframe, specific location, and funding update.

About Play & Park Structures

Since 1976, Play & Park Structure's mission has centered around developing products, programs, and services that enhance classroom learning, create environmental awareness, promote physical activity, play for all abilities, and building community.

Why Play & Park Structures?

Play & Park Structures knows that playgrounds are an integral part of childhood development. We strive to provide high quality products that inspire children's imaginations and creativity through innovation and superior product design.

Our design team continually advances the concept of play through unique designs, including traditional post and platform playgrounds, deckless, continuous-play structures, as well as nature inspired playgrounds.

We have an appropriate play solution for a full spectrum of needs and aesthetics, including parks, schools, early childhood centers, churches, and community centers. Whether your project calls for a traditional playground or creatively themed play, the variety of styles and materials offered allows you to choose the perfect playground to complement your vision.

Play & Park Structures created the first Outdoor Creative Play & Learning System that brings standards-based activities to the playground and outdoor environments to support children's

With over 400,000 square foot in manufacturing and distribution, our facility is equipped to handle orders of large or small quantities with a typical lead time of 24 to 45 days.

- **Access to a world-class manufacturing facility that is ISO 9001 and 14001 certified to meet all industry standards**
- **Committed to meeting and/or exceeding ASTM safety standards to help create safer play environments for children**

The industry's best warranty, providing protection and assurance for your playground investment

LAST WEEK

Last week:

We held our Holiday party in the Atrium at The Steeplegate Inn. Rotarians and honored guests were engaged in a great social time. Kids and some parents spent their time after the meal in the pool. The kids did not want to get out of the pool as it was very warm, and conducive to a relaxing time, just like summer. Those who attended expressed that it was a great time for all.

Kelly Meyer asked that I inform the club of the following. Thanks. Jeff Ashcraft

Noblesville, Indiana police were in high speed pursuit of an armed robbery suspect Saturday evening when the suspect's car collided with a vehicle containing Kelly Meyer's sister and her family. Sadly, Kelly's brother-in-law and 24 year-old nephew (Dan and Riley Oberhart) did not survive the collision. Her sister (Kathleen) and 14 year-old niece (Macy) are hospitalized in serious condition. Kelly and several family members have traveled to Indianapolis to be with her sister and niece during this very difficult time. She asks for prayers and thoughts of peace and understanding for her entire family. Services are pending for Dan and Riley.

The 4 Way Test Of the things we THINK SAY or DO

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
