

**This picture was taken at the annual Pumpkin Carving at Indianola Rotary Club. Other events that they take part in start in the Fall.**

**The inbound students meet in Newton at the first event. This is a orientation for these new members of our District 6000 Rotary. It is also their first orientation to safety.**

**Second is a Winter meeting including all Inbound and Outbound students. This is held at a camp in Newton, near Iowa Speedway. It is a two day, high energy event to make the students a cohesive group.**

**Third is the event in Davenport, the first weekend in March. After the intensive training sessions in the past, this is a relaxing, fun, get to know each other time.**

**Fourth the students attend the District Conference, and give all the district members a chance to see them, get to know them, and learn about Youth Exchange.**

**Finally the students have the opportunity to take an 8000 mile trip around the U.S. This is at the students expense.**

**There is nothing else that can compare to the experience of hosting one of these students in your home. They become your family, and kids from all over the world.**

**Consider taking this opportunity**

## **Matching Points for your next Paul Harris Available**

**Your club will give points to match the dollars you donate to reach your next Paul Harris award.**

**Example: If you need \$400 to reach your next level, and you donate \$200, the club will give you 200 points to reach this next level.**

### LAST WEEK

LAST WEEK – February 24, 2017 – John Hays with Hays Pure Water

Sixty eight members and guests attended on Friday, including six Junior Rotarians and Kristen Ockerman, Kathy Pezley and Miles Thompson, all whom have applied for membership. Hank Runge announced that Dignity Funeral Homes have now purchased Weerts Funeral Home and Hank has had a busy few weeks, getting them on board.

Jack Schinckel asked for one or two host couples in late April to host some German couples for three days. Teresa Paper announced that she will be retiring from Scott Community College on June 30. Patrick announced that there will be an auction committee meeting at 3 P.M. on Thursday, March 9. See details on the calendar of events. John Maxwell filled in as sergeant and collected \$28 in fines.

John Hays, a high school friend of Tom Messer, presented his passion about treating water to make drinking water safe for everyone. He has invented the (very simple) Klor Gen System, at the cost of around \$300 each to purify water. He has travelled to many countries to help them attempt to purify the drinking water, especially for vulnerable children. He depends on donations and volunteers to work alongside him. If anyone would like to help him or make a donation, contact him at 712-314-6347.

#### **The 4 Way Test**

#### **Of the things we THINK SAY or DO**

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
