LAST WEEK

LAST Week – July 21, 2017 – Ray Musgrave, JR. Project Manager with HWH

Sixty attended on Friday to learn about the local building project by General Contractor: Harrison, Walker and Harper. Longevity is in their DNA; they have been in business since 1887 and are the oldest general contractor in Texas. The building of the Sterilite Plant on the former Keppy Farm on Slopertown Road is the first project in Iowa for HWH. They have a history with Sterilite, having constructed previous manufacturing sites for them. Sterilite's first manufacturing plant was in Pittsburg in 1939 with Mr. Tupper. The two families split ways soon after that.

Some interesting facts about the Sterilite project are: 160 acres of GOOD IOWA topsoil remain in berms around the property. 3 trailers are "buried" with dirt surrounding them to serve as storm shelters. They all have steel doors. The plant will be 2.5 million square feet, containing one building for manufacturing and 3 warehouses. The floors will be between 5 and 12 inches of slab concrete. There are 3 containers of "just" nuts and bolts for the buildings. 500 new jobs will be created.

Glen Keppy arranged this program and was able to attend briefly and tell about his recent hip replacement/reconstruction in Iowa City. Guests attending on Friday were: Jean and Neal Keppy, Tracy Lindaman, Heidi and David Hulme, Pamela Klim and Florida Rotarian Duncan Cameron.

Jim Koehler asked for prayers for his family and great granddaughter, Sophie Koehler as she battles cancer in Iowa City. Brian Williams invited everyone to attend: The Wall That Heals, a Vietnam Veterans Memorial Replica, July 27-30 at the Quad City location of Western Illinois University. It will be open 24 hours a day and be free to the public. Kelly Meyer was the sergeant and collected \$70 in fines.

The 4 Way Test

Of the things we THINK SAY or DO

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
