## North Scott Rotary Serves Our Youth

THIS FRIDAY AT THE STEEPLGATE

World Affairs Seminar  
2016  
Water

*A Global Resource to Share and Protect*

### Who & What We Are:

The World Affairs Seminar is the vision of Rotarian Dr. Dale Brock, whose vision was to bring about better understanding of world problems among a select group of young people from around the globe. He imagined and built WAS to study current issues. In the course of this study, the WAS provides opportunities for participants to discuss issues with other young people from around the world. Emphasis is on promoting better understanding of the causes of international conflict with the idea that if the causes are understood, problems are more likely to be solved peacefully.

The World Affairs Seminar (WAS) is a unique interactive educational program for high school students. The week-long experience provides an opportunity for international students from a variety of backgrounds to discuss issues in a non-threatening environment. They experience new and different ideas and viewpoints brought forward both by their colleagues and by world renowned experts. In small and large groups students discuss information and ideas and put their new knowledge to use. Through public policy simulations they work through the complex interactions of different countries, corporations and organizations to develop their own policy initiative. The university setting provides a college-like experience, including use of the residence halls and campus dining. Throughout the week students have time for recreational activities which bring greater awareness and understanding of the world around them. Critical thinking, negotiation skills and the process of learning about new friends from around the world are all part of this incredible experience.

##### World Affairs Attendee from North Scott Rotary

I am currently enrolled at Assumption High School as a senior in the 2016-2017 school year, and I am beyond excited for it to begin! I am the youngest of 4 kids and watching all my older brothers and sister grow up and go off to college excites me more and more every day! My parents both work at the Catholic Schools I have attended throughout the years; my dad is the principal at John F. Kennedy Catholic School, and my mom works as an academic adviser at Assumption. I would like to thank the North Scott Rotary for sending me to RYLA (Rotary Youth Leadership Awards) last summer, and for sending me to the

World Affairs Seminar this year. Both experiences have brought memories and lessons that will stay with me throughout the entire course of my life, and I am forever grateful for that!

RYLA: Rotary Youth Leadership Award Seminar:

Allie Stutting will tell us briefly about her experience at RYLA this year at Grinnell College, Grinnell, IA.

Allie attended RYLA last year as a member of the leadership award group and this year as a Counselor.
