North Scott Rotary Welcomes 2 New & 1 Returning Member

Jason Happel

Dr. Diane Papke-Cole

Brian Williams

On Friday, February 22 we welcomed two new members, Dr. Diane Papke-Cole and Jason Happel. We also welcomed a returning member, Brian Williams after his membership in an Illinois Rotary Club.

Dr. Diane is a Doctor of Optometry and recently retired from Advanced Eyecare in Eldridge, where she practiced with her husband, Dr. David Cole. They reside in Eldridge and have two adult children and one granddaughter. Diane's past and present memberships include: Big Brothers/Big Sisters, Scott County Library Foundation, Faith Lutheran Church, American Heart Association and the Iowa Optical Association.

Jason Happel is the Senior Account Executive at KLJB Fox 18. Jason also resides in Eldridge. His wife, Sara is a Davenport school teacher and they have 3 children. His youngest daughter is a member of the Lady Lancer Basketball team, headed for the State tournament. The family attends Risen Christ Lutheran Church.

We are glad to welcome Brian Williams back to North Scott Rotary! He has been a member of an Illinois club for the past 14 months as he concentrated on his job at WQPT in Moline. He is an Outreach Coordinator for them and resides in Moline with his wife and daughter.

Please welcome these new members

THIS FRIDAY AT THE STEEPLEGATE - Davenport Boy Scout Troop 7

Boy Scout Troop 7 is one of the oldest continuous troops in the US. The Troop was formed in 1913 at First Presbyterian Church in Davenport. First Presbyterian Church has been hosting Troop 7 every year except one year during the

Great Depression. The Troop Continues to grow due to the many activities and a very active leadership team.

David Hulme, Troop leader will tell us about the troop, and the need that North Scott Rotary helped fill.

We made this a special project to fulfill the needs the troop faced after new leadership had to take over. These needs included a trailer for transport and camping and cooking equipment.

Let David tell his story.

Foundation Minute

Rotary makes high-quality health care available to vulnerable mothers and children so they can live longer and grow stronger. It expands access to quality care, so mothers and children everywhere can have the same opportunities for a healthy future. An estimated 5.9 million children under the age of five die each year because of malnutrition, inadequate health care and poor sanitation – all of which can be prevented.

In Haiti where maternal and infant mortality is the highest in the world, Rotary provided a fully equipped medical Jeep for midwives and volunteers to reach mothers and children in remote areas.

In Chennai, India, Rotarians provided a mobile cancer screening unit and awareness training where there is a high mortality rate of women with breast and cervical cancer due to late diagnosis.

And in Nigeria, Rotarians launched a three million dollar, five-year pilot program to save lives of mothers and children during home deliveries, and since 2005 they have repaired 1,500 obstetric fistulas restoring dignity and hope to vulnerable mothers.

Your contribution to TRF (The Rotary Foundation) enables this to happen – Thank you.
