### LAST WEEK

LAST WEEK - April 12, 2019 – Dr. Wendy Wintersteen; President of Iowa State University

Sixty-four attended on Friday, including Rotarians Doug Peterson, Iowa QC Rotary, Al Tubbs, Maquoketa Rotary, Maria Osterberg, Bettendorf Rotary and Ellen Bluth, Davenport Rotary. Other guests were Linda Tubbs, Brent Puck, Connie Connolly, Shawn and Josie Meyer, Annette Tank and Ken Klindt.

Upcoming events mentioned were Special Olympics on April 13, Trike Build on May 4 and next weeks meeting at Palmer College of Chiropractic. President Jeff announced the outcome of the Community needs grants awarded. A total of \$35,366 was awarded to 26 deserving organizations. Dr. Brad Burt was the sergeant and raised \$61 in fines. John Maxwell also donated \$36 to the education fund for the sale of twelve dozen eggs from Cinnamon Ridge Farms.

Dr. Wendy Wintersteen, President of Iowa State University was introduced by her long-time friend, Becky Bray. She is the first female president of ISU and only the second President that is a graduate of ISU. She was a wealth of useful and interesting knowledge. ISU graduated its first class 150 years ago in March. It was also one of the first colleges to admit women. She spends a lot of time managing the budget to be more efficient. Tuition will go up 3 per cent (or more) every year. She is proud to say that 40 per cent of ISU grads leave college with no debt.

Just a few things that were invented or patented by Iowa State students are: the fax machine, lead free solder to use in making stain glass windows, craft butter, a heating/cooling unit to serve certain craft beers at the correct temperature and engineer in-a-box. Textiles is a huge area of study and recently a student won a \$35,000 scholarship in New Your City for her display of young men's wear.
