### LAST WEEK

LAST WEEK - April 19, 2019 – Offsite meeting at Palmer College of Chiropractic

Sixty attended on Friday, in the Palmer Café, where we were served a taco bar. Many thanks to Marcia Brandt for planning this awesome “field trip”.

Dr. Dennis Marchiori, Chancellor of Palmer, spoke to the group for several minutes before a tour of the college was available. He said that Palmer has 16 programs in the United States and the Davenport campus is the largest. The student population is growing at Palmer. There are about 21,000 students per year. The students are also very involved in the community.

Palmer has 283 employees and a 70-million-dollar yearly budget. They are a non profit organization. A lot of research is done on the campus. The patient clinic is open Monday to Friday and Saturday mornings. Military personal is seen at No charge. Students are looking for amenities, so the Davenport campus strives to offer plenty. A large work out facility is on site and remodeling of the campus buildings keep it up to date.
