## Career Transition and Health Issues

**This is a statement of the intention of the Board of directors to help all members remain members of Rotary even during times of strife in their lives**

### **Adoption of a Career Transition Membership Status**

Whereas the Board of Directors of the Rotary Club of North Scott recognizes that during times of economic uncertainty, members may be impacted by job loss or medical emergency of immediate family members. Such situations may cause a member to feel that continued participation in the club as a Regular Member, paying full, quarterly membership dues cannot be justified.

Therefore: in recognition of this short-term situation, the following temporary membership status in the Rotary Club of North Scott is established by the Board of Directors and is effective with the approval by a quorum of the Board of Directors.

This temporary **Career Transition Member** (CTM) membership status will be defined as follows:

The North Scott Executive Secretary or the President of the Club will be informed of the situation by the impacted regular member.

Career Transition Member (CTM) status will be approved by the Executive Secretary or the President of the Club and requesting member will be informed of their eligibility for this membership status by the Club's Executive Secretary.

CTM status will be effective the month following the approval of the request and be in force for the next 3 consecutive months.

CTM's dues will be reduced for the 3 month period to the meal charge at the Friday noon meeting. No general membership dues or other assessment will be invoiced during the CTM status.

If during the 3 month period of CTM status, member situation is resolved, they will automatically be moved back to regular member status, with regular member dues and assessments, effective the first month following notification to the Executive Secretary of full time employment.

If, at the end of the 3 month period of CTM status, the member situation continues, a 3 month extension of the CTM status can be requested to the Executive Secretary by the member.

After two, 3 month periods in the CTM status, member will be automatically returned to regular member status with regular member dues and assessment back in force. At that time it is the accountability of the member to confirm their continued membership in the club, to resign the club, or to request some other currently recognized status which is subject to appropriate approvals.
