In March of this year, we were visited by Tiffany Menke, President of the Urbandale Chamber of Commerce, who informed us of all the activities going on at the Chamber. Among other facts, she informed us that membership has grown from just over 250 members to nearly 800, making it the second largest of the nearly 30 organizations that are part of the Greater Des Moines Partnership.

After her presentation, and after consideration of all the programming and networking benefits and opportunities that she discussed, our Board decided to join.

This past Tuesday, I attended the Chamber's monthly "Maximize your Membership" meeting, which anyone from our club is welcome to attend, held on the first Tuesday of each month. This one-hour session serves as an orientation - for new and "vintage" members alike - to all the chamber offers and provides some insights to maneuvering the website, with a focus on the packed calendar.

I'll highlight two additional events that might be useful for both our club and business networking purposes:

- **AM Exchange** – The last Tuesday of each month, 7:30-8:30 am. Strategic networking amongst over 100 members. If you're interested in raising profiles, go to their website and register to attend the next one on Tuesday, September 26.

- **B.A.S.H (Business And Social Hour)** – This is the Chamber's quarterly afternoon social hour. If 7:30 is too early to network, why not try 4 pm?

Please see the Chamber's website for much more information about networking events, educational resources, and everything else that our membership offers. That's it for this week. Many thanks to Bill D for filling in for me at the podium this week!

- He told us about the new Football/Soccer facility that will pair with Des Moines public school systems
- Drake continues to work with the city for public transportation access – both bike lanes and bussing
- New Handicapped facility that is one of a kind and houses all amenities possible for the handicapped
- He talked about the rotary donation and what the money would be used for

Drake plays an important part in the Des Moines community. The relations that they have with all businesses to land their students jobs in Iowa and Des Moines are among the best in the country.
