

# Rotary Club of West Des Moines

## Business Networking Day

Your fellow Rotarians would like to learn more about you.

You have five minutes to share about whatever you would like.

Please, make sure to save time for questions so we can learn more about you and your expertise!

Some example topics for you

### Work

- What do you do for a living?
- Where do you work?
- What is your specialty?
- What are the current trends you see in your profession?

### Social

- What are you passionate about?
- How do you share that passion?
- What organizations are you involved with and what do you do with them?

### Rotary

- Why did you join Rotary? Who was your sponsor?
- What do you enjoy the most about Rotary and why?

If you are not interested in getting up in front of the group alone, but are still willing to share about yourself, an interview-like setting is available, just let us know.
