Interact's Updates

by Edward Fisher

ROTARY INTERACT CLUB

Recently Interact club volunteered, once again, with their annual project of Operation Cool Shade. This is a project where Mohave Electric sells trees to people throughout the community. These trees will be planted in an area that will provide shade for their houses, and help make their electric bill go down. Interact's roll in this project is to help unload the two truckloads of trees once they arrive, as well as volunteer the next morning to help distribute the trees.
