Paul Harris matching funds available

by Art Harrington

Board reminds club members of matches

Would you like to complete your \$1,000 contribution to our Rotary Foundation and become a Paul Harris Fellow by May 1st? Our club will help you reach your goal!

Our club has budgeted \$3,000 for matches this year to help you reach your goal of a personal PHF - or we could help you honor your spouse, child or grandchild with a Paul Harris Fellowship.

This is how it works. Let's say you have already contributed \$400 to the Foundation, so you lack \$600 to reach your PHF goal. You give \$300 before May 1st - and the club will match your \$300.

Or perhaps you want to honor your spouse with a Paul Harris Fellowship, and you are willing to give \$500 before May 1st. The club will match that \$500.

These matching funds are available on a first come - first served basis - until May 1st. So far no one this year has requested a match for their Foundation contribution.

If you would like to have the club match your Foundation contribution, contact Club Treasurer Sharon Harrington.

Peace Scholar advises a President

by Art Harrington

Rotary World Peace Fellow Named Presidential Adviser

A Rotary World Peace Fellowship helped open the door for Arnoldas Pranckevicius of Lithuania to become a domestic policy adviser to his "idol of moral leadership" and president of the Baltic republic, Valdas Adamkus.

Pranckevicius, who speaks English, French, Lithuanian, and Russian, graduated from the Rotary Peace Center, Sciences Po in Paris with a master's degree in international affairs. His fellowship was sponsored by District 7150 (New York, USA). "I was indeed blessed with the opportunity to join his team and contribute in his effort of making Lithuania an ever more democratic, secure, and prosperous nation," he said.

Pranckevicius analyzes trends and developments in Lithuania's political system, along with drafting speeches and policy statements for the president. The 25-year-old advisor has tackled issues such as political corruption, advancement of ethical standards, and promotion of a civic and open society. The country's parliamentary elections in 2004 and information of a new government proved particularly challenging.

"I not only had to follow and analyze the campaign and programs of the political parties [and] make election predictions," he said, "but also draft possible coalitions and suggest the long-term consequences of one of the other formations in the government."
