February 26 Highlights

London Bridge Rotary Club sponsored six students to attend Rotary Youth Leadership Awards camp in Prescott in January. This young lady told the club the experience was life-changing. She told about the challenge course and how her group learned to work as a team to accomplish tasks, and how the group encouraged her to face her fears.

Rick Stephens is shown singing Happy Birthday, after which Suzanne Ballard suggested he might be taking singing lessons.

Lisa Fuhrman gave a report on our adopt-a-family project which Included reports from shoppers Doreen Bloomer and Thom Felke. telling about their adopted families.

Larry Feist gave a plaque from Salvation Army to Lisa.

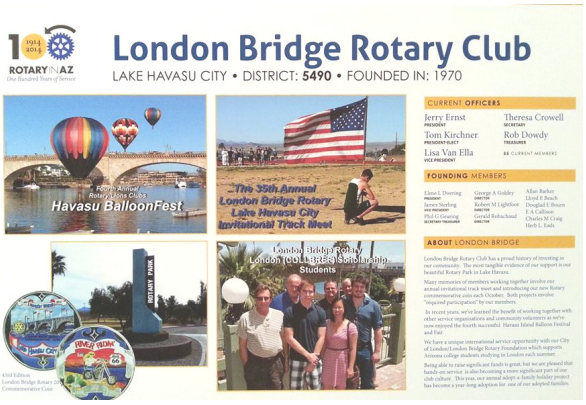
History

On March 1, 2014, Arizona's oldest clubs and all three Arizona districts celebrated 100 years of Rotary in our state.

The history of Phoenix Rotary 100 is, in many ways, the history of Phoenix. Members have included mayors and governors, senators and members of Congress, state legislators, judges and community leaders of all types, a veritable Who's Who for Arizona and Phoenix. Phoenix Rotary 100 has been an instrumental leader and partner in dozens of major community projects over its first 100 years. As Phoenix and Arizona have grown, so has Rotary in Arizona. From that initial Club 100 and its 32 members, today, Rotary in the Grand Canyon State boasts over 120 clubs and more than 3,000 members.

There is much to be proud of as Phoenix Rotary 100 celebrates its 100th year, starting a long commitment to Service Above Self.



Phoenix Rotary 100 invited clubs throughout the state to send photos and information to a central website to take advantage of donated services to prepare high quality posters to be on display at the March 1 celebration of 100 years of Rotary in Arizona.

Gary Meyers spent hours going through his photo archives, and finding those that showcased our most significant current and ongoing projects. Information from our website was submitted for the narrative portion of London Bridge Rotary Club poster, which was one of 38 on display.

After careful consideration of all the posters displayed, Gary said "ours was the best!"
