## SUPPORTING EDUCATION

Sixty-seven million children worldwide have no access to education and more than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy. **(TRF)**

## Family of Rotary

Significant life events touch all of us, and I want to thank Lisa Fuhrman for doing a great job of keeping us abreast of things that are happening in the lives of our fellow Rotarians this year.

Our club recently lost a fellow-Rotarian, Dave Vedder. Dave joined our club in 1991. He quietly served our club. He and his family have generously allowed our club to warehouse our coin inventory in their business location.

The saddest thing to me as I listened to his friends and family talk about their special memories at his memorial service was that I had not taken the time to get to really get to know Dave on a personal level during this lifetime. I missed the opportunity to know about the things that gave him joy, caused some laughable frustration, and see what an inspiration he was to those closest to him.

Lisa can keep us informed, but the lesson I have learned is that if I am to be the kind of Rotary friend I want to be, it is up to me to reach out and really get to know my fellow-Rotarians and truly show I care while I still have the opportunity.

*Jeanie*
