

# The First Annual **Athens County Day of Service** "THE BIG PROJECT"

## DONATE

One of the service projects to be completed during the Athens County Day of Service is sorting and packing food for local schools' backpack programs. These programs send kid-friendly, easy to prepare food items home with students who may face food insecurity over the weekend.

Please consider donating items from this list. Items that are not eligible to be sent home with students, will be distributed to the Alexander Lions Club's Little Free Pantries.
