Thank you for considering this very important role, to mentor a new Rotarian in Edina Morningside Rotary Club. In the role of mentor, you'll establish a mentor-mentee relationship with someone new to Rotary or new to our club. You'll take your mentee to visit a meeting of another club, learn about make-ups, get assigned to a committee and keep each other informed about what's happening.

Mentor a new Rotarian by visiting another club, learning about committee opportunities in our club, making a personal connection with a new club member!
