

Whitehall Rotary Club

Minutes, February 19, 2018

Attendance: Joan, Vic, Wayne, Erv, Marlene, Arlene, Judy, Karen, Paul

Dinner: Judy Program: Paul

Pledge – Vic

Inspiration – Judy

Joan opened the meeting and reviewed the minutes of the last meeting.

Business:

1. July Dinner – Joan suggested that we consider an earlier start time on Sunday to perhaps catch some of the people in town for class reunions and Frontier Days. She also suggested that each of us who cook need to let the club know how much was spent on the food so we have a better accounting of the value of donated food.
2. Service Project for February – Karen has set up our project for Monday, February 26th at the library. Eat on your own and then meet at the library by 6:15 PM. A list of what needs to be done will be given at that time.
3. Club Brochure/handout – Arlene will update the brochure and remove the list of club officers (since this changes each year). She will also update the sheet that we give to prospective members – needs the new meeting schedule, attendance expectations and the annual dues amount.

Program: Paul gave a short update on the Rescue Mission progress on their facility and pointed out some upcoming dates: March 21st – a basketball fundraiser in Butte; April 19 – the annual dinner and silent auction; May 19 – a golf tournament fundraiser at the Old Works course in Anaconda.

His main program was on the Golden Ratio found in math/science.

Paul spun the wheel and Judy won the pot.
