She also mentioned that she brings eye glass/ frame with her to Indonesia and was wondering if we could setup a collection (like the Lions Club).

Helen:

- Discussed the need to consolidate all rotary stuff in one place

Ed:

- Wants the tri folds boards updated on annual basis, need someone to do this
- Also wants the folders updated annually as well
- Recommended that we do the consolidation for a program a couple of weeks in advance so everyone can bring all their rotary stuff they have been storing.

 - It will be \$9/ person for the BBQ
- Calendars "It's that time again!"
 - All Rotarians please renew and pay for calendar asap. Will be \$8 per calendar and \$40 per advertisement.
 - Beth volunteered to help Millie do some pre- calling
 - Millie recommended that we should state that this is a rotary fundraiser when calling people

- Ed mentioned that it would be a good idea to get an ad or article in the paper. He wanted it to explain that the calendar was a networking and social thing for the community

Sherry:

- Mentioned that a t-shirt souvenir for Frontier Days sounded like a good fundraiser and we could re-use the t-shirts as long as we didn't put a year on it.
- Beth mentioned that Alibaba.com sold very cheap t-shirts at about \$3 each and we could sell them for about \$20
- Ed brought up that Frontier Days is put on by the Chamber and any t-shirt sales would need to be approved by them.
- Idea was put to the committee

Ed:

- Powered Wheel chair
 - Ed has been unsuccessful at giving it to the person he had first chosen. She is reluctant to take as she feels undeserving.
 - Need ideas and people we could potential give the chair to
