- MBI awards, 12 tickets needed, Karen will pick them up
- Ed picked up the scholarships
- So far 1865 lbs of aluminum has been collected
- RYLA – so far no one from Whitehall has expressed interest, have not heard from Harrison or Three Forks yet either. If no one from these three schools is interested Arlene said there are other interested in going from Whitefish and Pablo
- Joan brought up the question of what we can do to grow the membership. Some ideas were to approach/visit businesses and others directly. We need to figure out how to attract the younger generations

Hank spun the wheel and house won.
