## **Application Process for West Shore Rotary**

Rotary's Object is based on "The development of acquaintance as an opportunity for service". Therefore, potential members and Rotarians become better acquainted by following this four-step process:

1. Become familiar with important web sites and documents about Rotary International and our Club, as follows:
  - the web site of Rotary International <http://rotary.org> ;
  - the Club's web site [www.westshorerotary.org](http://www.westshorerotary.org) ;
  - our Club's Guiding Principles; and
  - our Club's Expectations of Members.
2. Schedule a meeting with the Club's Membership Director, as identified on the Club's Home page, to discuss Rotary in general and our Club in particular. Contact information is shown on [www.westshorerotary.org](http://www.westshorerotary.org) .
3. Be our guest at two of our weekly lunches.
4. Discuss your application process with our Membership Director. You may then apply for membership, subject to approval of the Club's directors.

We hope that the above explanation is clear. If you have any questions, please contact the Club's Membership Director.
