3.) Generating Interest in ReWine

- a. How do we generate more interest in the evening club?
 - i. One service project a month (John Noling is contacting Mr. Cobler about helping on the bridge.)
 - ii. Having a social activity once a month (such as a community mixer) may draw in new members, encourage members to get to know one another, and is a welcoming environment to invite prospective Rotarians to.

4.) T-Shirts

- a. Shirts were a topic of conversation and the question was raised whether or not ReWine specific shirts or just Rotary shirts would be appropriate for our group to wear during service projects, and for general wear.
 - i. It was agreed upon to discuss this matter further when more members would be present.
