This Week On Stage

Megan Byard and Bob Chapla will introduce our Rotary Youth Exchange student from Mexico.

IZZO LENDS SUPPORT

He wasn't feeling the best, he said during last Saturday's 5pm presentation in the

Muskegon High School Auditorium. That wasn't surprising; only a few hours earlier, MSU Basketball Coach Tom ← Izzo's Spartans lost a close game to Illinois in

the Breslin Center with its 15,000 unhappy fans. The loss was ultimately due, he shared, to missed free throws. But... that aside... and playing above the pain... Izzo had arrived on time, hoarse but enthusiastic about the subject at hand: the opening of our Boys and Girls Club of the Muskegon Lakeshore and the importance of community support,

involvement, and ownership. See for vourself. Click on: www.youtube.com/ watch?v=wjfGF2-1kKs

Bob Scolnik → had a chance to talk with the coach for a few minutes to >>>

Holly Hughes amongst a number of students supporting the **Bovs and Girls** Club.

>>> discuss the MSU

basketball program and "some ideas I had. He offered me an assistant coach position," Bob said, "but I had to turn it down until our new Boys & Girls Club was up and running with lots of kids participating! ... Tom was impressed that I had attended Scolnik University. (Check out my cap, below.)"

Frequent Club visitor Dakota Crow, left guest of major club supporter Mike

> Youngdahl - is the first executive director of our Boys and Girls Club. "My goal," Dakota said, "is to have this place be the beacon of hope for all kids, ages 6 to 18 in Muskegon County."

Plans are that the B&GC opens on April 13. The club will assist students with school work, teach healthy habits, and help kids become good citizens. To all Rotarians who've helped bring this dream to fruition, thank you so much.

On Sunday, the Congregation B'Nai Israel

Family had a surprise 40th **Anniversary** Party for Rabbi Alan and Anna Alpert, who have led our congregation for 38 years. It was a fantastic event and a genuine surprise for them. They

had been in Kalamazoo for a play directed by their son David, being gone since Saturday. The Social Hall was packed with members and friends, and their children, David and Aleza, had gotten the ball rolling by long distance. One of the highlights was the anniversary video that David organized; he'd requested and edited videos that were sent from around the country and around the world, including France and Israel. It was a wonderful video and a lasting tribute to the Alperts. There was great food, a beautiful cake and a champagne toast; overall, a day to remember for Anna & Alan, and our Temple family. We've been blessed to have them here for so many years, and hope they stay a long, long time!

Last Week's Program

United Way of the Lakeshore: Accelerating the Pace of Change by Cindy Timmerman

Muskegon County residents have

benefitted from the presence of our United Way for 97 years. Oceana and Newaygo counties were added to their

service area more recently. United Way of the Lakeshore President **Christine Robere**, above, offered up an overview of how the organization has worked to advance the community's common good by focusing on results in Educational Attainment, Financial Stability and Health Outcomes, what the agency considers building blocks for a good quality of life. United Way is a bottom-up organization meaning that they bring together the diversity of the community, and engage local people to work on local issues through Giving, Advocating and Volunteering.

Each year, our local United Way raises and invests over \$2 Million towards programs that work to improve the lives and quality of life for our citizens. Christine and UW Marketing Director **Chris Burnaw** showed this year's campaign video highlighting two programs supported in part by your United Way donations: Michigan Reading Corps and Foster Grandparents. On February 11, 2-1-1 celebrated its 10th anniversary in our community. Over 50,000 people are connected to resources via 2-1-1 annually, for an astounding 500,000 over the 10-year span.

Additional collaborations include the Community Coordinating Council, Emergency Food & Shelter Committee, Homeless Continuum of Care, Lakeshore Impact Council, and Labor Participation Committee. United Way also partners with others to assess needs, react with solutions and build capacity of the non-profit sector.

Ways we can help the United Way of the Lakeshore include:

Give. The annual campaign is currently at 92% of their goal of \$2.578 Million for 2014-15. It's not too late to help as the campaign

runs through the end of March. More than 40% of the monies earned each year come from those within the Leadership Circle, giving \$500 or more annually – and many Rotarians are in that group. Planned Giving is a way for those who've given to continue giving long after they are gone.

Advocate. We are the best messengers for our community

the work of the United Way. It can be as simple as sharing a Facebook posting or Tweet, standing up for someone who needs help, talking to lawmakers, other.

and

Volunteer. The

United Way accomplishes their work through the efforts of volunteers. Be sure to check out Get Connected, a new online resource for finding volunteer opportunities. Seventy-two agencies currently have volunteer opportunities posted. A Youth Day of Caring is planned for April 2015 and the annual Day of Caring for September 11. 2015. Contact the agency to learn more about how you or your company can get involved. Are you over 55? Check out the Retired & Senior Volunteer Program (RSVP), developed to connect individuals with opportunities that impact specific needs within the community. Current focuses are K-5 Literacy in Muskegon Heights - soon also, Muskegon Public and Shelby Public Schools - and a Health and Food Security initiative that includes food distribution, distribution of health information and education, and development and maintenance of community gardens in Muskegon Heights.

United Way is Community Impact

United Way of the Lakeshore Board Vice-Chair **Mark Meyers**, below, was then introduced to review the forward Issue Focused planning direction under development. With this model United Way is able to:

- -Identify Community Goals and concerns
- -Choose a Limited number of critical issues
- -Develop impact Strategies that change community conditions to improve lives
- -Implement impact Strategies in partnership with others
- -Measure and communicate Results,

learn and improve

- Poverty
- Childhood Literacy
- Homelessness
- Obesity
- Substance Abuse

An Opportunities & Possibilities meeting is scheduled for March 10

to discuss the results of surveys, workgroup findings, and the future direction for the United Way of the Lakeshore. Rotarians were asked to rank the above listed issues in order of importance. Results of this survey will be announced at an upcoming Rotary meeting.
