Other event notes:

John has contacted BernieO's about pizza. He has made contact and will work out a deal hopefully for the cost of the pizzas. They will be delivered to the Holiday Inn. Pizza will be approx. 15% vegetarian and 85% will be assorted varieties. Will ask that pizza be cut into squares instead of slices.

John will provide a list of the students who will be helping us with the event. Esther will be the Rotary contact for them for the event to make sure they all have something to do ☺ If Esther gets the names of the students in time she will make printed nametags for them.

All Rotary members should wear their rotary badges.

Jan said that she has invited a massage therapist to the event. The therapist has volunteered to give free chair massages.

October 27 ReWine meeting – moving meeting to the Muskegon Innovation Hub

There is an open house at the GVSU Muskegon Innovation Hub located at 200 Viridian Drive. The ReWine group decided to attend that event in lieu of having an actual meeting. Asaline will call Doug at the Holiday Inn to let him know we will not be meeting there that evening. She also volunteered to be at the Holiday Inn from 5:15-5:30 that evening in case any guests or rotary members show up for the meeting. She will then let them know that the group is not having a regular meeting but that they are welcome to go to the HUB for the event.

Meeting adjourned at 6:00pm
