about what drives gendered violence

Community attitudes that support violence

**Violence against women is preventable if we all work together.**

**Four essential actions to address the gendered drivers of violence against women:**

1. Challenge the condoning of violence against women
2. Promote women's independence and decision-making in public life and relationships
3. Build new social norms that foster personal identities not constrained by rigid stereotypes
4. Support men and boys to develop healthy masculinities and positive, supportive male peer relationships
