## Guest Speaker

### **Lisa McIntyre Local and Regional Landcare Facilitator.**

Landcare Victoria is one of the largest environmental volunteer organisations in Victoria, fostering on-ground community led action.

After a 26-year tenure as the co-founder and secretary of the Panyabyr Landcare Group (PLG), seven years ago Lisa McIntyre transitioned to the role of Landcare facilitator. She now supports six neighbouring groups covering approximately 284,000-hectares of Western Victoria. Lisa sees herself as a collaborator – encouraging people to get involved in the big picture. In 1994 she encouraged PLG members to contribute ideas to a sub-catchment plan. This has paved the way for many impactful local projects.

Lisa's approach to Landcare is about balancing a dual focus on productivity and conservation. She is passionate about demonstrating the care farmers have for their land – showing that a productive farm and a healthy natural environment can co-exist. She has organised practical demonstrations and field trials on pasture management, whole farm planning, weed control, soil health, farm forestry, integrated pest management, carbon accounting and direct seeding, which has stimulated lots of local interest and led to the adoption of new techniques. Lisa showed us many photos of these projects.

She was recently awarded the Victorian Farmers Federation/Landcare Victoria Inc. Heather Mitchell Memorial Fellowship

## Domestic Violence Awareness

The committee attended the football on Saturday in atrocious weather to hand out wristbands and cards to promote Domestic Violence Awareness.

The senior football and netball teams wore our DV shirts and were very visible in sending out the message

We also received good promotion and coverage in the Spectator and online.

The club will also be promoting DV Awareness at Sheepvention with some signage at our Lamb Baa.

TRF Project Support  
The Rotary Foundation (TRF) offers an array of programs that help Rotary Clubs maximize their World Community Service work. The Foundation's Global Grants program encourages Rotary clubs in Developed Countries and Rotary clubs in Developing Countries to partner in projects that improve their communities. The clubs commit funds for a project, and that amount is matched 50 cents on the dollar by TRF. District Designated Funds used for projects are matched dollar for dollar.
