## December 2022. Disease Prevention and Treatment Month

We believe good health care is everyone's right. Yet 400 million people in the world can't afford or don't have access to basic health care.

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Our members combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.

Weekly Bulletin, Webpage and Facebook

The weekly bulletin will eventually be published through ClubRunner.

Our club webpage can be accessed on <http://portal.clubrunner.ca/1943> It is now live. This will allow stories from our bulletins to be published on the webpage and information from the District and RI webpages (which also use ClubRunner) to be shared. Our club also has a Facebook page which shares stories and events, and this page is also shared to other Facebook pages to get our message out.
