**September is Basic Education and Literacy Month for Rotary.**

Literacy is at the heart of basic education for all, and essential for eradicating poverty, reducing child mortality, curbing population growth, achieving gender equality and ensuring sustainable development, peace, and democracy.

Literacy is a significant and specific goal for Rotary. It is so important that it is one of the 6 areas of focus for The Rotary Foundations Future Vision – basic education and literacy. Such importance has been placed on literacy that Rotary International has created a “Rotary Literacy Month” that takes place during the month of September.
