President's Report #2

Garry Higgins OAM

Good morning, Rotarians and welcome to Pres. Report #2. At our meeting on Thursday, PDG Geoff provided an outline of the five Governance committees that are the engine room of the operation of our Club. The Committees are Administration - PDG Geoff, Foundation - PP Alison, Fund Raising - PP Brian, Public Image - Rtn. Austin and Membership - Rtn, Tracey. All members are asked to nominate the Committee they wish to be part of and Sec. Anthony will be in contact with you shortly to finalise these committees. Can I ask all new member mentors to contact your mentees to assist them in making their decisions.

We have some good news regarding our Tower project in that the investigation as to the structural integrity of the tower has concluded and apart from some minor repairs, it is in a good and safe condition.

This gives us the green light for us to proceed with our part of the project. A meeting will be arranged shortly to scope out the project.

Rtn. Manpreet has suggested that we organize a Club visit next month to the Grand Stupa in Marong in order to give us some inspiration and ideas on what our Peace and Harmony park may look like. Stand-by for more details.

PLEASE read the bulletin either as emailed or on the web site every

week.

Australia

Our club currently meets at the Mill House 88-90 Burke St, Maryborough VIC 3465. Check our calendar at the top of our webpage or call our Secretary.

Harold's Advice to a Young Person Just Starting Out

 Moving lower •List of all club positions

 By clicking on the name, you can email the

person.

a while to help you get to know the ropes and how to best work in the company.

 When ideas are required, don't be too shy and think, "I've just started, so I'll just listen." A lot of groundbreaking discoveries have been made by people outside their area of expertise. So offer your suggestions because you might just have a novel way of looking at things or doing things that solves a problem.
 Be on time. It's sign of respect for other people - when you're on time, you respect their time.

4. Stay alert. Especially in repetitive jobs because if you don't stay alert, you could make costly errors and cause damage. To help stay alert, keep asking yourself, "What am I doing here?" "Is there a better way of doing this without sacrificing quality?"

5. Enjoy your job. But remember that there are very few jobs where it is interesting all the time. There will be times when the job is challenging, or when it will be repetitive and even boring. Just wade through these stages until you get to the more interesting bits, and try to enjoy every aspect of your job.
