

ROTARY CLUB OF MARYBOROUGH

**A 10 YEAR HISTORY OF THE CLUB FROM
1982 TO 1992**

COMPILED BY THE HISTORIAN COMMITTEE 1992

P.P. AUB BAKER

P.P. ERIC DUBOURG

P.P. RORY McLEOD

Rot. CLIFF PHELAN

P.P. LINDSAY WILLERSDORF - CHAIRMAN

Rotary in Maryborough celebrates its, 40th Birthday on June, 14th, 1992 and in this publication, we have endeavoured to summarise the main activities over the past 10 years.

The first 30 year's report published in 1984 by the then Historian Committee was a very comprehensive account of the Club's performance for that period.

Special mention should be made of the tremendous work in the composition of the report by the Chairman - the late Hugh Moorhead who could be justly called the "quiet achiever".

It is pleasing that Rotary in Maryborough is on the move after a period of reduced membership and the increasing average age of the members.

The actual membership over the ten years has been fairly consistent at from 48 to 56 but with the induction of many younger men, the average age has been reduced and importantly the new blood is already showing in the increased interest and the extent of the activities.

Since June 1982 there have been 55 admissions and 50 terminations making the present membership 51.

It is interesting to note that there have been 239 inductions and 185 terminations over the 40 years with 38 former members still residing in Maryborough and district.

Of the 22 Charter Members 5 remain namely P.D.G. Frank Lowery, Past Presidents Aub Baker, Eric Du Bourg, John Ritchie, Lindsay Willersdorf. P.P. Frank Lowery has been our only District Governor.

Former Apexians have always been a good percentage of our members and there are 13 in our membership at present. Over the 40 years 12 ex-Apexians have been President of Rotary in Maryborough.

In spite of difficult times, Rotary International membership increased by some 19,000 last year to 1,134,982 with 358,474 Paul Harris Fellows at March 31st, 1992.

It is with deep regret that the following were called to higher services since 1982 while still members of this club.

Jack Pascoe	28 Years Membership
Alastair Williamson	15 Years Membership
Reg Jones	33 Years Membership
P.P. Bill McDowell	23 Years Membership
Hugh Moorhead	35 Years Membership
P.P. Doug Hutchinson	18 Years Membership
Rod Whitmore	36 Years Membership

They all served Rotary in many avenues and we pay tribute to their memory.

The standard of fellowship is still particularly high which, with continued dedication to service, augurs well for the future of Rotary in Maryborough.

As the committee researched the last 10 years, it found a story of achievement in every avenue of service of which the members can be justly proud.

It is proposed to list the Community Service Projects and other important events with a summary of the other activities later in this report.

The Annual Art Show is still the main event and, although not a large profit making project, it does form a very important part of the Wattle Festival.

It is becoming more difficult to maintain the number and standard of the entries and the profit.

P.P. Clarrie Smith arranged for Rolf Harris to open the 1983 show resulting in a large attendance of 239 at the luncheon and an overall profit of \$2,000.

The subsequent shows have continued with varying success and a slightly lower attendance evidenced since the Railway Station was unavailable after the 1988 show.

It was unfortunate to lose the Railway Station venue as the show had been built around the historic building. In fact the last show there in 1988 was an excellent result with over \$20,000 in sales and a large attendance contribution to a profit of \$2,124.

The details of the 17 years of operation of the Art Show are worthy of special mention:-

Paintings Sold		1,272
Value	\$218,771	
Prize Money		\$43,700
Total Exhibited		7,654
Profit		\$21,219
Art Purchased		\$9,000
Paintings Presented To The City		46
Funds Accumulated For Purchase Of Art		\$38,000

From the above figures it will be seen what a great success the show has been and of what benefit to the community.

It would be tragic if the show was terminated through lack of support or a suitable venue. The Australian Rotary Health Research Fund was launched by Rotary to establish a Trust Fund for selected medical research the first to be the Cot Death Research and our contribution in 1983 was \$2,000.

An Honour Roll was erected in the RSL Hall showing the Presidents, Secretaries and Treasurers of the club.

A successful fireside chat night on 28/4/83 was held in homes of the Information Committee and interesting subjects were discussed.

Following the disastrous Bush Fires on Ash Wednesday in February 1980 our club supported the Appeal with a donation of \$1,202 from funds and members contributions.

In 1982 a Monash University Medical team under Dr. Robin Marks decided to conduct a Skin Cancer Survey and Rotary were involved in the organisation and manning of the examination sessions.

Late in 1991 the team returned for a further survey and initiated cream treatment and the results were examined in sessions early in 1992. Their findings will be presented to a Public Meeting here later in 1992. It is understood the survey will attract world-wide attention medically as it is quite unique.

Our thanks go to P.P John Dodgshun for his efforts and to the members of Inner Wheel for their assistance.

The Dinner Meeting starting time was altered to 6.30 from November 1st, 1982.

During Rotary Foundation week on November 11th, 1982 a Paul Harris Fellowship was awarded to Mr. Alf Leech for his long service to the community including 27 years as a councillor.

On April 21st, 1983, a Group Study Exchange team from Germany visited Maryborough and gave interesting informative addresses to members and ladies.

During March 1984, a Probus Club was sponsored in Maryborough by Rotary mainly through the efforts of P.D.G. Frank Lowery who was the inaugural President and a donation of \$160 was made to assist the establishing of the club.

Citizen of the Year awards were initiated in 1984 and the first award was for George Barber.

Rotary supported the Maryborough Tidy Town Project with the planting of 100 trees on Bristol Hill.

Rotary coordinated the clean-up after the disastrous bush fires in the district on January 14th, 1985 and was instrumental in obtaining tremendous support in money and manpower from many other Rotary Clubs. This was truly a demonstration of service to the community.

Fellowship month in November 1984 and members enjoyed special outings in groups which was very successful and rewarding.

In 1985 Rotary Citizen Award was made to Luke Palmer for outstanding service to St. Vincent de Paul.

Congratulations were extended to P.D.G. Frank Lowery on being named the Maryborough Citizen of the year for 1985.

Rotarian Lindsay Brown of the Stawell Club with his Concert Party and assisted by the Moonee Ponds Salvation Army Timbrell Brigade raised \$400 at a performance for Rotary funds.

Maryborough Rotary committed itself to pay \$250 a year for 3 years from 1985 towards the cost of the new Rotary House in Parramatta.

During 1985 plans were finalised for a Rotary BBQ area at the Goldfields Reservoir on Talbot Road and a start was made with working bees preparing the area.

A Group Study Exchange Team from the Natal Province in South Africa visited Maryborough for 2 1/2 days in November 1986 and their addresses at a ladies night were most interesting.

In 1986 Rotary International launched an Appeal for a fund to immunise all children of the world against Polio. The appeal was scheduled to run for 4 years for a target of \$230 million of which our quota was \$9,050. However we contributed \$9,698 over two years through special efforts, \$500 from the Civic Ladies, Op Shop \$1,060, Collection Tins around the city and \$1 per member per week. A very creditable effort for a great humanitarian cause illustrating the immense power for good by Rotary world-wide.

During 1987 a Paul Harris Fellowship was awarded to Mrs. Passalick, President of the Civic Ladies in recognition of her outstanding work.

The BBQ area at the Goldfields Reservoir was handed over to the City Council in 1987, however further work was planned to complete the concept. Our thanks were extended to the Inner Wheel, Rotaract Club and the Civic Ladies for their contribution.

A mystery bus trip to the Victoria Hotel Avoca for our Christmas meeting in 1987 was a novel well attended and enjoyable evening.

Rotarians cooked over 9,000 BBQ items for the Australia Day celebration in the park in January 1988.

It was regretted that the Rotaract Club after struggling to maintain a workable membership for a few years found it impossible to continue, so are in temporary recess. We pay tribute to the small band of the faithful who tried so hard for so long.

The 1988 Conference at Geelong was very well attended by 32 Rotarians and families.

At the 1988 Christmas Dinner four Paul Harris fellowships were awarded to P.P. Bill Gilbert and Rot. Fred Treble for their service to Rotary and outstanding community participation. Mrs. Con Haythorpe for her long and dedicated association with the opportunity shop and Birthright, Mrs. Merle Burton for her contribution to so many community efforts over many years.

A Dutch Auction in 1989 raised \$1,350 for the Salvation Army to assist in the purchase of a new truck.

Following the example of the Geelong Rotary Club we conducted a Bowel Scan in July 1989 when over 400 kits were distributed. This worthwhile project has been continued each year with increasing participation by the public. The value of the survey was evidenced when early diagnoses of cancer probably saved a Maryborough man's life.

The theme for 1989-90 was "Enjoy Rotary" and the Maryborough club achieved that with several enjoyable social events - the combined Christmas Party with the Wendouree Club, a Scots night with Haggis and a piper and the celebration of our 38th Birthday with a crazy hat night.

In addition we had a visit from the Beaufort club and our club visited St. Arnaud.

We announced at the 1989 Art Show Luncheon that our club was to offer an Art Scholarship to encourage young artists.

The Community Service Committee raffled a trailer filled with camping equipment for a very satisfactory result of \$2,211.

A \$500 donation was made towards the purchase of a Paraplegic Wheelchair for a local youth.

A Rotary Golf Day in August 1989 was very successful with over 79 competitors from 6 Rotary Clubs raising \$413.

During April 1990 a working bee erected a Gazebo at the Goldfields BBQ and the roof completed the job in June with the total cost of the shelter \$2,698.

It was very pleasing that 11 new members were inducted during 1989-90 being 2 Rotarians by transfer and 9 newcomers and with the loss of 6 members our number increased by 5 to 50.

In 1990 a significant change was made with the singing of Advance Australia Fair instead of God Save the Queen at the conclusion of the dinner meetings. However a loyal toast follows the invocation.

Four Paul Harris Fellowships were awarded in 1990 three to our members P.P. Aub Baker, Charles Mowbray and Bryan Moore for outstanding service to Rotary. The fourth was made to Mrs Myra Martin in recognition of her long and distinguished service to the community.

1990-91 was noted for a large distribution of funds in all totalling \$20,570. The main amount of \$6,500 was to the Maryborough Hospital as half the cost of new overhead theatre lights.

A Group Study Exchange Ladies Team from Japan was billeted here on 19th and 20th August 1990 and an enjoyable interesting Ladies night was held on the 19th.

The District Conference at Mount Gambier in March 1991 was very well attended by 22 members, 17 wives and 3 children along with 2 exchange students.

There was a sad happening at the Conference when our long serving member Rod Whitmore died suddenly.

Rotarians assisted in the clean-up in Maryborough on March 24th, 1991.

A Golf Day on August 19th, 1991 was very successful with over 100 players from 6 clubs a result of \$767.

With the induction of 11 new members during 1990-91 following 11 last year the average age of our Rotarians is much younger and our membership was 53 at the end of the year.

Tables and seating erected at the Goldfields 88Q has effectively completed the project.

Shade houses at Primary schools 404 and 2828 are in the process of erection.

A trailer raffle again netted \$1,700.

The 1991 Christmas Dinner held at the Moonlight Restaurant was a very happy evening. Paul Harris Fellowships were awarded to Past Presidents Daryl McLeish and John Selmon for their service to Rotary.

As the nations of the world become aware of the World's environmental problems, our club through P.P. Brian Dowie and his committee has encouraged members to support schemes such as Planet Earth.

While each year some of our members have had 100% attendance at Dinner Meetings, special mention must be made of the outstanding record of 100 attendance over his 23 years in Rotary by P.P. Rory McLeod. Rory also served as secretary of the club for five years which is a record for our club.

During April 1992 one of our members P.D.G. and P.P. Frank Lowery was named Senior Citizen of Victoria which was a great honour and well deserved as Frank has served the Community with distinction in so many spheres, Rotary, Education and Sport. He had been named Citizen of the Year in Maryborough in 1985. As our inaugural President Vern Benjamin left Maryborough in his employment after 6 months Frank served 18 months in that capacity. It was indeed an honour for Rotary and also the country districts as usually these awards are made to city folk.

Mother's Day Fund Raiser for the Australian Rotary Health Research Fund. From 1990-91 investigations for some on-going fund raiser for all clubs were initiated. Finally arrangements were completed with Cadbury's for the supply of boxes of Chocolates for Mother's Day. The support of the District Governor and the Presidents at the Ballarat Conference were encouraging.

In the four weeks following the conference 25 of the 50 clubs ordered 222 outers which would provide profit of \$2,730 across the district. All proceeds were at the discretion of the clubs, but they were asked to donate 60 to the A.R.H.R.F. While this was a small beginning, it could be made more successful Australia wide given time, effort and better economic times.

It is quite remarkable that we have dispersed the following amounts to the various avenues and services over the 10 years to 1992.

International Service	\$10,612
Polio Plus	\$9,698
Youth Service & Student Exchange	\$10,750
Vocational Service	\$3,220
Community Service	\$20,290
Opportunity Shop	\$40,200
Total	\$94,770
	=====

To fund the completion of the Goldfields BBQ Area and build shade houses at the Primary Schools the Community Service Committee raffled a Motor Mower resulting in a profit of \$1,450. As this was not a spectacular result for such a prize it does indicate that raffles are difficult when they are in the dearer bracket.

We are most grateful to the Civic Ladies for their magnificent donations amounting to \$8,900 over the past 13 years. They are to be commended for the assistance to the Community as a result of their catering service.

The ladies of Inner Wheel have been of great assistance to Rotary over the years and we offer our grateful thanks.

INTERNATIONAL SERVICE

Never before has there been such a need for Rotary's work. The work of service beyond self to the World community. It is pleasing that our support for International projects has increased significantly over the 10 years as Rotary Worldwide has taken up the challenge.

In 1982-83 \$1,439 was distributed to nine International Projects, the largest being \$500 to F.A.I.M. (Fourth Avenue in Motion).

The distribution in 1983-84 was F.A.I.M. \$250 I.P.AC. (International Projects Advisory Committee) \$500.

During 1984-85 Jane Starwood went as a Rotaract representative to a F.A.I.M. project in Papua New Guinea and our club assisted with a \$200 donation. Donations were also made to the Ethiopian Appeal \$200. Project Eye Camp - Bangladesh \$100 and aid to needy students in Malaysia \$100. Also \$100 was donated to Interplast to support a team of Rotary sponsored plastic surgeons to the South West Pacific to reconstruct facial features damaged by birth defects or fire.

The funds for distribution in 1985-6 came from the "Lindsay Brown Concert Party" \$400 and the Golf Day \$445 and donations were I.P.AC. projects \$800 and F.A.I.M. \$100.

As 1986 was the launching of the Polio Plus Project Worldwide, most of the funds were directed to that cause in 1986-7 and 1987-8. Our quota for Polio Plus was attained in 1988, in fact, was exceeded by some \$650 which was a great credit to the club so generously assisted by the Civic Ladies, Inner Wheel, Rotaract and the public in general. A banner was presented to the club as a recognition of our success.

An inter-club visit by bus was organised in March 1989 to the St. Arnaud Rotary Club to attend the Swedish Group Study Exchange Dinner and the evening was enjoyed by our 39 members. The team visited Maryborough for a half day viewing local industries before continuing their tour to Ararat.

We contributed \$2000 to the I.P.A.C. project providing "slumber kits for needy children". These are distributed throughout the world to needy children by Rotary, Salvation Army and the Jesuit Fathers.

In 1990 it was decided to join the 'Foster Parent Plan' sponsoring Kalaivanan a 6 year old from Malauankulam Colony India. The sponsorship started in January 1991 with a cost of \$300 a year. The other donations were \$500 to the New Guinea Yule Island School, \$500 to Water to Mount Hagen Appeal, \$500 to Leukaemia Research and \$300 to the Bangladesh Cyclone Disaster Appeal. Funds for 1990-91 came from a Col Elliott Concert \$560 and Bowel Scan \$207.

The usual donations were made in 1991-92 with the second year of the ' Foster Parent Plan cost of \$360.

In April the International Committee received a long report on the Foster Child and his family written by the Animator of the ASSEFNPLAN India. The letter conveyed details of life of both Kalaivanan, his family and the village. It emphasised the value of the help provided under this plan.

Over the 10 years payments made to International Projects were over \$20,000 including the \$9,698 to Polio Plus.

VOCATIONAL SERVICE

The Rotary Apprentice of the Year which was commenced in 1955 has been awarded most years since to suitable employees in a wide range of enterprises.

Since 1982 the following awards have been made.

EMPLOYER

Robert Durbridge	Patience & Nicholson Ltd.
Tracie Hodges	Patience & Nicholson Ltd.
Gavin Cadzow	Avoca
Dean Phillip Jones	KR Little Daylesford
Mark Esmore	Father - St Arnaud
Allan Martin	Father - Adelaide Lead
Martin Heagney	Mechanic - Castlemaine
Glen Cooper	Graham Jacka Holden

Pride of Workmanship Awards were started in 1983 and have continued most years with usually 4 recipients. However, in 1990-91 it was decided to base the awards on one organisation which was the City of Maryborough and 8 awards were chosen. This year the organisation chosen was the District Hospital and at a dinner on April 30th attended by relatives and friends. Fifteen members of staff received their awards. The Chief Executive Officer Mr. Bernie Waixel gave an address on the problems and future planning of the Hospital.

The project is a very worthwhile one as it gives recognition of the efforts of the successful ones and also brings Rotary before the public.

A Careers Expo in 1987 - a first in this form for the club was a great success with over 200 attending and 30 students interviewed.

The second Expo in 1988 held in the Sporting Complex was much larger and more extensive with over 1200 students and 43 exhibitors providing information.

Coca-Cola donated \$1000 towards the expenses of the 1989 Expo when the interest and participation continued to increase.

The "1991 show was supported by donations from Allens Sweets, Cadbury-Schweppes and the Commonwealth Bank. This was held on September 17th and again very fruitful.

These Expos are a great introduction for students to the various career options and also gives valuable experience for future interviews.

OPPORTUNITY SHOP

As the shop in Tuaggra Street was not available after 1982 a move was made to Trainor's shop in Burns Street.

After alterations and renovations by the committee the new shop was opened on January 28th, 1983.

Con and Peter Haythorpe continued their wonderful work as organisers until their departure from Maryborough in December 1989. We are indeed most grateful for their dedication over so many years.

Fortunately Mrs. Anne Cornwill with the help of Judy Tranter offered to continue the organisation and our thanks are due to them.

This project not only gives financial assistance to many local organisations, but is a tremendous help to the families affected by unemployment and the recession.

The returns have been increasing over the past 5 years in spite of higher rental and other expenses and in fact a record \$6,200 was distributed in 1991-92.

In the 10 years since the move to Burns Street the total amount distributed to the various groups was in excess of \$40,000. Over 40 different organisations have benefited at least once.

Rotary in Maryborough has indeed been fortunate to have had such dedicated people controlling the shop.

Since Peter Haythorpe's departure the affairs of the Op Shop have been very capably controlled by P.P. John Selmon.

YOUTH SERVICE & STUDENT EXCHANGE

The Maryborough Club has been well represented by young people at the various seminars over the past 10 years.

The following students participated:

R.Y.L.A. (Rotary Youth Leadership Award)

1985	Patricia Govan
1986	Charlie Johnson Louise Gowers
1988	Darren Mitchell
1990	Christine Alexander
1991	Shannon McKay Terri Chandler John Stroud

R.Y.P.E.N. (Rotary Youth Programme of Enrichment)

1988	Peta McDonald Ricky Rudford
1989	Stewart Collins Jamie Barlow
1990	Amanda Gilbert Lucinda Barber

N.S.S.S. (National Science Summer School at Canberra)

1985	Ingrid Butler
1987	Andrea O'Connor
1988	Rowena Butler

AUSTRALIAN SCIENTIFIC INDUSTRY ASSOCIATION - YEAR 10

This is a new seminar held for 3 days at a Melbourne University and our sponsored Student was Jason McKenzie.

The benefits derived by the participants at these seminars is very evident in their subsequent reports to our club.

PEER SUPPORT

Early in 1988 the committee established the Peer Support Programme in the local secondary schools. A raffle and the weekly Heads and Tails Competition provided the necessary \$1,400 to finance the project. This worthy enterprise has been supported each year since with proceeds from various efforts.

Fabian McHoul was selected by the club to attend the inaugural Rotary Adventure in Citizenship held in Canberra during April 1990. In an address to the club in late May Fabian informed us how the experience had improved his knowledge of the workings of Government.

STUDENT EXCHANGE

We have participated in the student exchange programme most years and the following have been hosted in the past ten years.

1983-4	Angelo Guidrigli from Brazil
1987-8	Chelsea Frahler from U.S.A.
1988-9	Glen Scorgi from South Africa
1990-1	Tomoko Koarai from Japan
1991-2	Morten Berg-Hansen from Norway

They have all been good ambassadors for their countries and the club has benefited from the experience.

Only two students have been selected for exchange form Australia.

1990-1	Heath Cameron to Canada
1991-2	Sue Rawlings to Germany

We have just learned that Lindsay Stewart has been selected by the District for Student Exchange for 1993. She will leave in January for Sacramento, U.S.A. Lindsay's mother Jill (Phelan) was an Exchange Student to the U.S.A. in 1966.

It was a tragic time for Heath Cameron when his mother was killed in a car accident and he came home for a few weeks. However, he did return to Canada to complete his term.

The Youth Committee raised \$1,346 on May 10th with the big Auction which has become a good annual project.

Over the 10 years \$12,464 has been raised from various sources namely 3 auctions \$3,250, raffles \$5,850 and the Heads and Tails competition \$3,264.

CONCLUSION

With the ever-increasing need for assistance to the many people affected by the recession in Australia, and the appalling conditions in so many developing countries, the efforts of organisations such as Rotary are most important.

Rotary International has responded magnificently to the need and the Maryborough Club has been well involved over the years.

It is reassuring that there are people who are prepared to give of their time and talents for the benefit of the less fortunate.

The Maryborough Club has been rejuvenated over the past three years with almost half the membership replaced by new and generally younger men, which is a healthy environment for the future.

This is particularly pleasing to we older members who trust that Rotary will continue to prosper so that after another 40 years the Historians will say 'well done'.

However, it must be remembered that the performance is dependent on a total commitment by all members.
