

With sustained windspeeds over 160 mph and gusts of more than 220 mph, the category 5 Hurricane Dorian hovered over Grand Bahama for more than 30 hours, after causing catastrophic destruction in the neighboring island of Abaco.

The Rotary Club of Lake Placid has answered the call for help with our International Service Committee recommending a donation of \$500 to the disaster relief efforts in the Bahamas through the Rotary District 7020 Hurricane Dorian Relief Fund. An appeal was made to our members and we are proud to report that individual members have contributed an additional \$1,645 for a **total donation by The Rotary Club of Lake Placid in the amount of \$2,145.**

Hurricane Dorian is the strongest hurricane ever to hit the Bahamas and is the joint strongest to ever hit strike land in the Atlantic.

According to the International Red Cross, 45% of homes on Grand Bahama and the Abaco have been severely damaged and destroyed – roughly 13,000 properties.

Donations are made through The Disaster Network of Assistance which is a Rotary International US registered 501c3 tax-exempt charity. All donations are tax deductible with funds going directly to the District 7020 Hurricane Dorian Disaster Relief Fund. Below are images of pallets of consumables and supplies being moved into the impacted area.
