

Thank You Rotary Ithaca

The Dozen Dinner Draw funded three essential AguaClara Reach activities

- 1 Participation in the World Water Summit and Rotary Int'l Meetings
- 2 Specialized Training of Two Staff for Our India Partner
- 3 Provision of Construction Materials for a New Water Disinfection System

Village children gather excitedly for the Hydrodoser's inauguration ceremony in Majhi Ukhura!

World Water Summit & India Work

The World Water Summit

At the World Water Summit, in Hamburg, Germany, we connected with potential donors, project partners and advisors.

AguaClara Reach board member John Finn meeting with members of HANWASH during the World Water Summit

Partner Training

In India, our partner organization is Gram Vikas. The DDD funded specialized training of two Gram Vikas staff members.

(Left to right) Sudanshu (Gram Vikas Supervisor), Fletcher Chapin (AguaClara Reach Project Manager), Debashish Mohapatra (Gram Vikas Engineer), Apriya Maharana (Gram Vikas Technician), and John (Gram Vikas Driver) pose in front of the completed Hydrodoser in Patimul

Conveyance Piping and Materials Purchase

Apriya and Debashish are now confident in their new skills. They went on to oversee construction of the water conveyance piping, which was largely done by community members. DDD funds were used to buy materials such as PVC pipe.

Plaque commemorating the inauguration of the Hydrodoser in Majhi Ukhura

Thank You, Rotary Club of Ithaca!
