PROGRAM

February 26

Peter Monigle, Store Manager of Hannaford Supermarkets introduced **George Parmenter**, who is in charge of the sustainability program for the supermarket chain. George has been with the company for ten years, working from Scarborough, Maine.

George noted that Hannaford Supermarkets are managing their energy foot print; reducing waste at the stores; are vigilant concerning food safety and improving the labeling on their products.

George also addressed the food that is approaching expiration date. Hannaford belongs to the Food Waste Alliance, and they have donated 15 million pounds of food. There are five different food banks that receive food from the New London store.

Mike Moss thanked George for speaking to New London Rotary.
