About the event:

Since Rotary and its partners launched the Global Polio Eradication Initiative nearly 30 years ago, the incidence of polio has plummeted by more than 99.9 percent, from about 350,000 cases a year to just 37 cases in 2016. To sustain this progress, and protect all children from polio, Rotary has committed to raising US\$50 million per year over the next three years in support of global polio eradication efforts. The Bill & Melinda Gates Foundation will match Rotary's commitment 2:1. Without full funding and political commitment, this paralyzing disease could return to previously polio-free countries, putting children everywhere at risk.
