A portion of the proceeds from this event will support the Gainesville Area Rotary Clubs' initiative to help stamp out Rabies, a leading cause of death among children in parts of the developing world.

## Educate. Vaccinate. Eliminate. End Rabies Now!

Rabies kills 70,000 people each year. Most victims are children in poor areas of Africa and India.

Through a partnership with the UK based non-profit group Mission Rabies, the Gainesville Area Rotary Clubs are helping to win the fight against this terrible disease.

In conjunction with Rotary clubs in India, we will be able to provide two transport vehicles for educational staff, purchase an "animal ambulance" to transport infected dogs, and support the mass vaccination campaign in Goa.

To help, please support the Rotary Club of Gainesville's 2016 Charity Auction.
