

SOARING TO NEW HEIGHTS

BUILDING A BRIGHTER FUTURE FOR MORE MILWAUKEE KIDS

A NEW SCHOOL

Aug Prep stands as a beacon of hope, guiding our 2,300+ students on Milwaukee's toward a future where their dreams take flight. With our acquisition of the former Cardinal Stritch University campus, we are expanding Aug Prep's reach and impact with a new school on Milwaukee's north side. Yet, this expansion goes beyond bricks and mortar; it will allow students across Milwaukee to soar upward where their education, potential and future know no bounds.

Being situated on a former college campus provides the perfect opportunity to create a diverse, high-quality school that equips our students - head, heart, and hands - to flourish. The Ramirez Family Foundation and HUSCO have generously committed \$50 million towards our vision. **We need your help as we Soar to New Heights to reach our \$25 million capital campaign goal.**
