

Rotary is... serving those in need in Chicago.

Tenants of the Mercy Housing Lakefront are receiving Welcome Home baskets loaded with toiletries, towels and household supplies.

Terminal 5 has become a hotbed of good will as members of the club, often on lunch hours or weekends, sort the donations that are then packaged into baskets.

Rotary is... making a difference.

Before Rotary O'Hare, all of this was headed to a landfill!

Rotary is... giving of your own free time.

After hours of work, it is now all going to people in need.

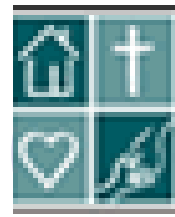

Rotary is...

being happy when in service to others.

Rotary is...

Mercy Housing

*providing welcome baskets to the homeless
at shelters*

Rotary is... *A place where can you see a large group of professional adults each August carrying back packs filled with notebooks, new pencils and crayons.*

We are proud to support children in need around the area through our support of

My Joyful Heart

From a seven-year-old who benefits from the school supply drive:

“Now I feel very good every morning going to class because I have what I need to help me with my lesson. I can’t wait to get started.”

*Rotary is ...*Feeding the Children

Several times each year, members of the Rotary Club of Chicago O'Hare suspend their regular meeting. Instead of a full hot meal and talk of business, members roll up their sleeves and package meals for Feed the Children international charity. We donate our time, and the money saved from the missed meal to help those less fortunate.

Rotary is ... Supporting Literacy

Each year we help purchase and distribute books, dictionaries and thesauruses to local schools.

Packing children's books at the District Conference

Rotary is ... having fun raising funds.

The annual outing to the Oshkosh Air show raised nearly \$2000 for the club – which was then given out in scholarships.

Rotary is fundraising for POLIO

Rotary is supporting the homeless Chicago Veterans at a stand-down

The Rotary Club of Chicago-O'Hare provided 2000 blankets and 1500 amenity kits donated by UNITED AIRLINES
