

ROTARY WEEK

CANFIELD ROTARY CLUB

WEEK OF JULY 24, 1955

Vol. 1

No. 1

APOLOGY FROM THE EDITOR

Due to vacations and the general stress of business the colored mast-head for the Canfield "Rotary Week" as yet has not been completed. Therefore, this mimeographed sheet must serve as a substitute until the regular mast-head is received.

CANFIELD ROTARY IN THE OFFICIAL FAMILY

July 20, 1955 was a letter day for the Canfield Club. On that date the Rotary of Canfield was officially accepted into the Family of Rotary Clubs.

NEXT MEETING

We will be honored at the next meeting, Friday, July 29, by a very distinguished visitor in the person of Garrison R. Hostetler, Governor of the 230th district.

Mr. Hostetler and Mr. Robert Manchester will form a panel to answer any questions which you care to ask concerning Rotary and its activities or the functions of any committee to which you have been appointed.

We will be accompanied in our song fest by Lillian Stambaugh of Youngstown at the piano.

This meeting will be one of great importance as it will offer each member an opportunity to enlighten himself on the activities and shining goals of the Rotary organization and bring into realization the honor of being a Rotarian.

We can not too strongly urge all members to be present at this meeting. Remember:

Membership in Rotary is a rare privilege.

VOTE OF THANKS

Many thanks to "Bob" Manchester for his very able assistance in helping to organize the Rotary Club of Canfield.

Also thanks to "Bob" McCallister of the Youngstown Club for the art work being done on the masthead of "The Rotary Week".

FROM THE CLIPSHEET

Did you know? "For the last twenty-five years, the standard dictionaries have recognized the Rotarian as a sufficiently important individual to merit a proper noun."

GAG OF THE WEEK

A dozen years ago many people dreamed about the salary they can't get along on today.
