TEMPORARY FOOD SERVICE ESTABLISHMENT- FOOD PREPARATION REVIEW

Establishment Name: _____

Applicant Name: _____ Telephone: _____

Name & Location of Event: Oct 13, 2022 Taste of North Rockland West Haverstraw Village Hall

This two-page form must be completed in full if you wish to prepare or serve potentially hazardous foods such as meat, fish, poultry, egg or dairy products. Submit this form with your application for a permit. All food offered to the public must be prepared in an approved location. Proper documentation must be submitted for food that is not prepared at the event location. Refer to the document titled *Temporary Food Service- Approved Food Source*.

The New York State Sanitary Code Part 14-2 states, "Temporary food service establishments may serve only food which requires limited preparation requiring only seasoning and cooking. The preparation or service of other potentially hazardous foods is prohibited except if prepared under approved conditions."

You must specifically state how the food will be prepared, kept hot or cold, and served at the preparation site and at the service location. *On the back of this form, list each potentially hazardous food you wish to serve and the methods of preparation and hot/cold temperature maintenance.*

A permit to operate will not be issued until your application is fully approved. Operation without a valid permit will lead to closure of your establishment and a possible penalty of up to \$2,000.00 per violation of the Sanitary Code.

Please contact this office at 845-364-2603 if you have any questions.
