Program

Introduced by Mike Fidlow. Chris Vanderwolk gave a comprehensive talk on ERISA.

ERISA stands for Employee Retirement Income security act. It was passed in 1974. The department of Labor has become more stringent in auditing Employers for compliance. ERISA is designed to protect health and welfare benefits as well as pensions. ERISA is enforced by the Federal dept of Labor and penalties for non-compliance are payable to Govt and to the employee. ERISA applies to all plans that has at least one employee. Medical practices and hospitals are increasingly

leveraging ERISA to make employers pay when Insurance Companies would not. Penalties for non compliance are heavy and litigation can ensue .If you need more information, please contact Mike Fidlow at 845-521-7518.
