

**Rotary Club of Pearl River, P.O. Box 824, Pearl River, NY 10965**  
 District 7210 - Region 8 - Zone 32 - Club #4982 - Charter Date December 12, 1935  
[www.rotaryclubofpearlriver.org](http://www.rotaryclubofpearlriver.org) *Rotary Serving Humanity*  
 Larry Vergine, President 2016-17

**Rotary Bulletin Of: February 2<sup>nd</sup> 2017 GROUNDHOG DAY!!**

**Board of Directors**

*President*

Larry Vergine

*President Elect*

Doreen Buonadonna

*Vice President & Secretary*

Michael Seidenfrau

*Treasurer*

Douglas Ward

*Directors*

Joseph Beckerle

Bob Craig

Rob Magrino

Brian Quinn

Ann Taylor

*Past President*

Dorothy Filoramo

*President Emeritus*

George Westphal

**The Four Way Test**

*Is it the truth?*

*Is it fair to all concerned?*

*Will it build good will and better friendship?*

*Will it be beneficial to all concerned?*

**President Larry** is in Florida so **“almost President” Doreen** handily

managed our wild Rotary crowd at **Aqua Terra**.

**Pledge-** Andy

**Invocation-** Lenny

**Guests-** Dr. Robert Yacynych, son in law and guest of Eddie Reynolds

**Birthdays-** Roy Powell, Michelle led the song with support from Johnny B.

**Anniversaries-** Gita and Raj

**Queen of Hearts-** A real nail biter with only 10 cards left but despite a valiant effort from Frank Ripa with the King of Hearts, the pot grows even bigger for next week.

## **Announcements-**

**Valentine's Brunch** at Restaurant X- Feb 19<sup>th</sup> 1pm. Call Jim Shepard to see if he can squeeze in any late comers.

**Rotary District Conference** at Mohonk Mtn. House- April 29<sup>th</sup> & 30<sup>th</sup> . This lakeside Versailles style hotel on a mountaintop is breathtaking. If you try to stay there, outside of the convention, it would cost \$500/night with a two night minimum. Don't miss your chance.

**Superbowl Pool-** Ray Coyle says all boxes are sold (Andy snatched the last one) so the random lottery has assigned your boxes. Go to the website that Ray gave you with username and password. If that technologically boggles you, we'll try and attach a PDF chart to the bulletin.

**Board Meeting Report-** RI dues have been paid along with all other outstanding bills. The Annual Rotary Fishing Contest has been moved to June so we won't compete with the kid's sports and end of the year activities.

Rob Magrino and Joe Beckerle have agreed to chair the event. Andy announced that there has been a snafu on the closing of Jay's house and he isn't moving for another few weeks. In the meantime Jay would like to come back to the Club. We all thought that was a great idea and directed Secretary Mike to send Jay a membership application for the Board to consider, with references and \$75 initiation fee, at the July Board meeting. Just kidding Jay, come on back! Where would you get that kind of money after all the lawyer fees for two closings?

**Happy Bucks-** Mark brought around the basket this week

Many bucks were for Raj and Gita's anniversary and Roy's birthday, as well as for our guest Robert Yacynych. Ed told his that his son in law is the Director of Emergency Medicine at MedStar Harbor Hospital in Baltimore. A graduate of New York medical College, Robert did his residency at Darnall and Madigan Army Medical Centers. Ray Pucci was down to visit his granddaughter, a sophomore at Florida State. Andy's grandson Cameron is now 2 months old and doing just fine while Andy has the new job of chauffeur for his daughter whose right knee surgery keeps her out of the driver's seat. Lenny is quite certain that Tom Brady deflate all the balls he wants but it won't be enough to beat the Falcons.

**Program- Kathy Fidlow**

Michelle Damiani-Powell summed it up best with "Wow Kathy, we had no idea you did all of that, we are really impressed", and it was true. Little did we know that our always dependable Sergeant At Arms was a high level medical professional at Columbia Presbyterian with her specialty in

Transcatheter Aortic Valve Replacement (TAVR). While guest Dr. Richard Yacynych, Scientist Jonathan Bellush, Dr. Fish, and Dr. Tony Stenzler followed the technical aspects of Kathy's discussion, she switched to a lower gear for the rest of us. The garden hose analogy let the rest of us grasp exactly the situation in the heart that requires TAVR to keep us alive when things go wrong. Think kink in the hose or putting your thumb over the end and the way the water shoots out in a small but high velocity stream. Out of the garden and back in the body, the cause is often from a narrowing of the aortic valve. (more on TAVR at [columbiaheartvalve.org](http://columbiaheartvalve.org))

A local gal who grew up in Haverstraw, attended North Rockland HS and earned a bachelors in nursing from Dominican College, Kathy went on to study for a Masters at Columbia University. She has had extensive cardiac nursing and management experience both in New York and San Diego (when husband Mike was transferred). "Yes I have worked with Dr. Oz" she answered during the Q&A "and he's just like you see him on TV". Outside of medicine, Kathy served on the Board of Orangetown's Mighty Midgets and Patriots coaching the cheering team to their first National Championship competition at Disney. Both kids are in college, Amanda studying Art Therapy and Ryan accounting (numbers guy like the old man).

As we always say, some of the best programs come from our own members. Thanks Kathy.

**4 Way Test- Ray Pucci**
