Program:

Ms. Karen Bean McCombs: An account executive with the Rockland County Boulders Baseball Team was brought to us by Neil O'Sullivan. She presented ideas of a different type of charitable fundraising by partnering with the Boulders programs to promote raising money for your organization. Karen outlined through a presented documentation handout of ideas on how to make this National Pastime of Baseball a charitable venue for any organization. Facts: There are 50 home games to choose from as options for a workable date. The seating capacity of the Provident Bank Stadium is about 5,500 persons. The seating consists of regular Box Seats, Sky Boxes and outdoor private party group areas in the outfield access areas. Pricing for any game and any seating areas are family affordable and access to the stadium is centrally located in Rockland County. The Boulders have made every effort to be a family friendly atmosphere through various special promotions and additional family entertainment attractions. In addition, the team has made a major league effort to enlist an excellently talented group of players and a high quality team playing schedule for the enjoyment of its patrons. Any Charitable Organization has to consider this venue to promote this fundraising avenue as an option for their immediate financial needs. Let's Play Ball and a special "Thank You" to the Rockland County Boulders & Ms. McCombs for the wonderful presentation to our Rotary Club.
