Dear Rotarians:

My name is Lily and I am the Development Specialist for In Flight, Inc. I have had the pleasure to meet Ariadne through the Red Hook Chamber recently and I wanted to reach out to her and her fellow Rotary members to share what In Flight, Inc. is and how we empower the Red Hook community.

Every month we host Empower Hour's, a free event for us to connect with our community and show who In Flight is and what we are striving to achieve to empower people with developmental disabilities. These conversational based events are free and we will not be asking you for money.

If any of your may be interested in attending one of our events this month, our first event is virtual and on May 16th from 5:30pm to 6:30pm and our in-person event in the village of Red Hook is on May 18th during the same time. Please let me know if you can attend either of these events by May 14th. Please feel free to email me or call me at (845) 835-6294 x178. Thank you.

Best Regards,

These meet-ups are a chance to learn more about the amazing service projects these clubs participate in throughout their communities each year. Rotary is an international organization that brings together likeminded individuals who want to make an impact locally and abroad. We are encouraging anyone who is wanting to make their communities a little better, to come check Rotary out:

Wednesday, May 17 – Regions 3,4,& 7 – Dutchess, Putnam – Shadows on the Hudson, Poughkeepsie- 6-9pm

These events are free to any community/ business members, and for those Rotarians who bring someone who is not a Rotarian, it is also free for you! It is going to be a great night of fellowship and networking- we hope to see you there.

Red Hook Rotary Club
c/o Jennifer Van Voorhis, President

Dear Members of the Red Hook Rotary Club,

As we look back on the 2022-2023 Rotary Youth Exchange year which is rapidly drawing to a close, we want to express our appreciation once again for the wonderful weekend you provided for our Inbound Youth Exchange Students in March.

You opened your hearts to our four Inbound girls, enabling them to be together for their third YEX weekend and providing memorable experiences in New York City and Red Hook. We heard nothing but rave reviews!

Thanks in large part to you, the Inbound students have really bonded, and they will all go home with strong relationships not only with their Hudson Valley host families, clubs and communities, but also with every other country represented in our program this year. A true international experience.

Your members totally exemplify Rotary's motto of Service Above Self through Doing Good in the World. Thank you so much!

Appreciatively,

A handwritten signature in cursive script that reads "Nan & David".

Thank you for your gift to The Rotary Foundation. Our daily mission is to help Rotary members advance world understanding, goodwill, and peace. To unite people in action that creates lasting change, we need more than initiatives – we need you.

You make it possible for Rotary to do more than promote literacy, alleviate poverty, and improve people's health. With you, we can bridge continents and connect cultures. We can empower individuals and communities with the skills and resources they need to tackle their most pressing issues – by providing training and education, improving access to clean water and sanitation, protecting the environment, or preventing and treating disease. Your support also means we can secure a more peaceful, equitable, and sustainable future for us all.

You join a community of change-makers who turn ambitious ideas into solutions that improve lives locally and around the world. Your generosity has significant life-changing power. Thank you for taking action to fuel The Rotary Foundation's positive impact around the world.

Sincerely,

Eric Schmelling

How to Propose a New Member

Every Rotarian has the privilege and obligation of seeking qualified members. In this way all club members can help their clubs achieve a full representation of the business and professional life of the community.

The basic procedure by which an individual is proposed for and elected to membership in a Rotary club is:

- The prospective member's name is submitted to the board of directors.
- The board ensures that the proposal meets all of the classification and membership requirements and approves or disapproves of the proposal within 30 days. The proposer is notified through the club secretary. (NOTE: Until this approval is granted, prospects should not be informed that they have been proposed for membership.)
- The prospective member is informed of privileges and responsibilities of Rotary club membership, asked to complete the application card, and to give written permission to publish his or her name and proposed classification to the club membership.
- Prospect's name is communicated to the club. If no objections are received by the board within seven days following the publication of the prospect's name, that person, upon payment of an admission fee, is considered to be elected to membership and his or her name is reported to Rotary International.

Additional active membership is an effective way of sharing the benefits of Rotary membership with outstanding, service-minded business and professional leaders in your community. It can bring to your club new members with fresh enthusiasm, contribute extra support to your club's program of service, strengthen club leadership, and help lower the average age of club members.

Any active member of this club may propose for, and the club may elect to, active membership one additional person who is actively engaged in the same classification of business or profession as that of the proposer. This individual must have the qualifications required for active membership.

Another provision permits a club to elect to active membership any *former* active member of a Rotary club who has established a business, practice, or residence in the community, even though that person's classification may already be represented. Here, approval of the present holder of the classification is needed.

Also permitted, with the approval of the present holder of the classification, is the election to additional active membership of former Rotaractors who have passed the age limit for Rotaract membership, provided that they live or conduct business within the territorial limits of the Rotary club, and were members of one or more Rotaract clubs for a minimum of four years.

In addition, your club's membership efforts should benefit greatly from an important change in policy effected by the 1995 Council on Legislation. Retired persons in your community are now eligible for past service membership in your club, even if they have never previously been Rotarians, provided that they would have been eligible for membership prior to retirement.

When was the last time YOU proposed someone for membership in Rotary? Your fellow Rotarians are counting on you to seek out young, qualified business and professional leaders — men and women, alike — to propose for membership in your club. Don't let them down.

Young people actively engaged in the same classification that your club loaned to you, former Rotarians from other clubs, and even Rotaractors beyond the age limit for Rotaract — all may be eligible for additional active membership in your club. Keep in mind, too, that retirees who have never before belonged to Rotary may now be eligible for past service membership.

Use the card inside to propose these future Rotarians. You owe it to your club and to your community. Do it today.
