

What is Rotary?

Rotary International, the world's first service organization, is made up of over 33,000 clubs in more than 200 countries and geographical areas. Its members form a global network of business and professional leaders who volunteer their time and talents to serve their communities and the world.

Rotary's motto, **Service Above Self**, exemplifies the humanitarian spirit of the organization's more than 1.2 million members. Strong fellowship among Rotarians and meaningful community and international service projects characterize Rotary worldwide.

In 2005, Rotary celebrated the 100th anniversary of its founding by Paul Harris. Celebrated as the "Father of Rotary," Harris sought to recapture the spirit felt among business people in the small town where he grew up when he established the first Rotary Club in Chicago, Illinois.

The Wallkill East Rotary Club was chartered in 1989.
