Tim Davidson taking collections again for the homeless through the Union Gospel Mission:

We will be collecting warm weather clothing (men's and women's), camping equipment including tents and sleeping bags, and of course cash or checks made directly to the Union Gospel Mission at the meeting on November 30th and the one on December 7th.

Tim will then take that cash and purchase as many new socks and knit hats as I can with it, at the auction, where you get really good prices for them

BOARD NOMINEES 2018-2020

Britton Taylor is an artist-turned-entrepreneur with a passion for business, astrophysics, and philanthropy. After 8 years of working in the movie industry in the Bay Area, Britton moved to Sacramento where he started his journey as a residential real estate agent. With the belief that people deserve a real estate agent that cares about them, and is willing to go the extra mile to help them reach their goals, Britton and his wife started the Taylor Realty Group w/ Keller Williams to make that a reality.

When Britton is not building his team, you can find him reading, going on adventures with his wife Desiree', or volunteering in his community as a Point West Rotarian. In his first year as a Rotarian, he's been on the Brewfest board as the sponsorship chair, the Festa di Vino board for social media marketing, and developed the minds of young leaders through the leadership conference. He is also a member of the Metro Chamber of Commerce.

As a native of Sacramento, born and raised in Carmichael and graduate of Sac State, I have deep roots in this community. I was initially drawn to Point West Rotary to help make a positive impact. Brent Ward

As a Sacramento native, Brent has lived in Elk Grove since 2003. Happily married for 15 years to Jocelyn and soon to be 11-year-old son, Colton.

Brent has been working with Individuals and Small Business Owners on wealth accumulation, preservation and distribution strategies for 24 years. As an independent agent and financial advisor, I have been offering the best our industry has to offer with insurance and investment planning.

Over the years, I have been inspired with the non-profit industry. I fell in love with Point West Rotary from my first meeting. This is a first class nonprofit organization that allows me to plug into my passions in life and I would cherish the opportunity to better understand Point West's business model and direction so I can help grow this organization with my experience and passion.

BOARD NOMINEES 2018-2020

Rita Gordon

I have been a Rotarian since moving to California in 2010, first as a member of the Rotary Club of Roseville for 5 years and now with Point West Rotary. While with the Roseville club, I served in the board positions of both Vocational Service Chair for multiple years and the Community Service Chair also for multiple years. I founded one of their signature service projects, the Rotary Community Garden, until the drought ended our ability to produce crops. While in production, we donated over 3,000 lbs. of fresh organic produce each year to the Placer Food Bank. At the District 5180 level, I have served on the Board of Directors, first as Vocational Service Chair then as Public Image Chair. Professionally, I'm the Business Development Manager for DH Construction with the primary responsibility of managing my employer's private suite at Golden 1 Center. I bring strong Board expertise, having served as a Director on several professional association boards, and solid Rotary experience. I am well connected within District 5180. Thank you for your consideration of serving on Point West Rotary's Board of Directors.

BOARD NOMINEES 2018-2020

As part of PWR, I am currently the Invocator Chair as well as the Polio Plus Chair. I've been fortunate to have been involved with Cop of the year, International Giving committee, Veteran's day program, Sergeant at Arms, Leadership Academy, TEES program, Salvation Army Bell ringer, Salvation Army Food Distribution, Eagle Golf, our soft ball team, participated in blood drives, Human Trafficking grant committee, Polio program, Lunar Lunacy and was a Host Family for an attendee for GSE. During the 12 years I volunteered with AFS I held a 2 year position on their board, a 2 year position as NC Chair and a 1 year position as NC Vice Chair. Being a member of Point West Rotary is like winning the Lottery of service organizations, not to mention the comradery and Bacon on Friday mornings! My Husband of 28 years always comments on the accomplishments of our club and how we 'think' outside the box. Fun Fridays would not be complete without my Rotary family.

Kathleen Medicus McNabb

I love Point West Rotary! Having grown up right down the street going to Del Paso Manor, Star King, El Camino, American River College and then C.S.U. Sacramento to achieve my double Bachelors' and MBA, I value our community and have always looked up to the leaders. When I started coming to PWRC I realized this is their club! When I am not spending time with my wife and little boy or planning for our baby due shortly I have been revamping the audio and video (A/V) role of our club including leading an effort to create a functioning, club owned, A/V system and setting up clear instructions on operation.

This documentation and procedural mindset has been my initiative in anything I am a part of and is an important part of an organization run by volunteers. I hope to bring this to more areas of PWRC as a board member. Here are more recent examples:

- Working with Larry and Sandy to help with the 7th Annual Partners in Leadership Conference I made sure audio worked and am now working to archive and document the conference assets to be sure the next year's team has what they need quickly.
- Working with George Daniels we have documented club account details in a secure auditable location that will be accessible by leadership in years to come helping to avoid the situation where a single person contains everything.

Sean Harris

I actively work with our District's webmaster, Art Deardorff on the District Webmaster committee to help better document the districts digital assets and create accountability systems that carry from one year to the next.

These examples are a natural extension of what I do in the community as a Certified Information Systems Security Professional (CISSP) and Project Management Professional (PMP) leading a team of 10 to manage dozens of local businesses and county office's IT infrastructure. I help to craft corporate governance policy and procedures and then often provide the help desk services to support the systems and people ongoing. If I were elected I would give my all to the board and help to make our club better. Thank you for your consideration.
