Rotary

Partners in Leadership Conference

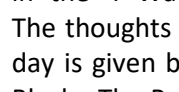

The 11th annual conference will be held on November 7. Save the date and volunteer to be a mentor. Contact Sandy Thompson. This is a phenomenal experience for everyone.

SS Point West Voyage Log

The 13th meeting of our 39th term is rung in by President Roger at DPCC. The pledge is led by Walter Helm. Gary Pevey

leads us in "Fly Me To The Moon." Greg Garcia leads us in the 4 Way Test. The thoughts for the day is given by Dave Black. The President reminds us that the quarterly Meal Invoices go out this next week. Dominic Porrino reminds us of Putting for Polio at Haggin Oaks Golf Course on October 20th. John Price announces an event at the Effie Yeaw Nature Center on 10/8 from 10-5. Beth Leonard, Dominic Porrino and Mark Copeland ring the bell. Bob Tilly introduces our speaker, Sac

State Astronomy Professor Kyle Watters, PhD. Professor Watters gave us a very

entertaining presentation about the James Webb Space Telescope, 1,000,000 miles above the earth.

The telescope is helping analyze information about exoplanets where size, surface temperature and the makeup of the atmosphere can be estimated. Bea Maurer had the winning ticket but the Joker was not drawn. The pot grows to \$1.1Billion.....oh wait, that's Powerball.

Tour the Coffee Company

Our first tour of business this year will be the San Francisco Bay Coffee in Lincoln. This will be Friday, November 3, immediately following the Club meeting (at North Ridge CC), around 9:15am. We have ten spots for this tour, first come, first served basis. If you'd like to attend, please contact Beth Schatz at BLeonard@sbcglobal.net ASAP. Shout out to Tim Hayes for providing this opportunity to ten lucky folks! More details to follow.
