California En Fuego

Numerous wild fires are still raging over California with the Dixie fire in Lassen, Plumas and Butte counties the largest and the second largest in California history.

These are reeking havoc in those areas. The whole town

of Greenville is destroyed. Along with a number of other fires the smoke is everywhere over Northern California. We can help. A GoFundMe account has been set up for the Rotary Club of Greenville. Please use this link to donate ... <https://gofund.me/c7dd6aee>. Also you can help by donating to the Point West Rotary Club Foundation designating to "Dixie Fire Relief" through Venmo, PayPal or by check. Let's pray for the victims of these disasters and for the thousands of people fighting these fires. And if you can bring some rain, do it now.
