

## Meet our polio partners

The Rotarian

**E**radicating polio is a complex job. Since 1988, we've collaborated with the World Health Organization, the U.S. Centers for Disease Control and Prevention and UNICEF to tackle the disease through our Global Polio Eradication Initiative. Here's how our roles break down:

### The Strategist: WHO

The World Health Organization (WHO) coordinates the management and administration of the Global Polio Eradication Initiative and provides technical and operational support to ministries of health in countries around the world. WHO is responsible for monitoring our progress and strategic planning.

### The Virus Hunter: CDC

The U.S. Centers for Disease Control and Prevention (CDC) deploys epidemiologists, public health experts, and scientists to investigate outbreaks of polio, identify the strain of poliovirus involved, and pinpoint its geographic origin.

### The Immunizer: UNICEF

UNICEF buys polio vaccine and manages its distribution. The agency spreads the word about the benefits of vaccination to gain community acceptance – a process known as social mobilization. On the ground, field workers immunize children with the help of local health workers and volunteers such as Rotarians.

### The Advocate: Rotary

Rotary uses its members' business acumen and passion for volunteerism to build awareness, fundraise, and encourage national governments to donate to and otherwise support the polio eradication effort. More than one million Rotary members have volunteered their time and personal resources to help end polio.

### Our other partners

**Bill & Melinda Gates Foundation:** The Gates Foundation is a core partner of the Global Polio Eradication Initiative. It is the largest private funding source of the GPEI, contributing over \$1.9 billion to the fight against polio. The Gates Foundation will match all donations to Rotary for polio two to one, up to \$35 million per year, through 2018.

**National governments:** Governments are the largest donors to the polio eradication effort. Without the financial support of governments worldwide, and especially political support in polio-endemic and at-risk countries, we could not administer the polio vaccine.

**Local health workers:** Local health workers often risk their lives to vaccinate children. For example, women in Pakistan receive training to go door to door, speaking to mothers about the benefits of the vaccine. They address fears and help bring the vaccine into remote communities.

**Gavi:** Gavi is an international vaccine alliance that brings vaccines to some of the world's poorest countries. It is working with the GPEI to introduce at least one dose of the injectable inactivated polio vaccine into the routine immunization schedule.

## Dates proposed for 2016 flag duty

The flag committee has proposed the following dates for flag duty in 2016. Committee Chairman Charles Risinger asks that you let him know if you know of any problems with these dates:

Holiday	Flags Out	Flags In
Presidents Day	Feb. 12	Feb. 16
Memorial Day	May 27	May 31
Flag Day	June 13	June 15
July 4th	July 1	July 5
Labor Day	Sept. 2	Sept. 6
Veterans Day	Nov. 10	Nov. 14

## Your help needed Wednesday for Guatemala project

Your help is needed beginning at 11:30 a.m. Wednesday to unload and store shipments of donated hospital equipment bound for a hospital in northern Guatemala.

Rotarian Bill Bartlemay is donating storage space at his Cubby Hole Texas storage and moving center for us to store beds and equipment that will be arriving there Wednesday morning. The facility is at 2502 N. Eastman Road.

Wednesday's activity is part of larger project whose main thrust is fully outfitting the Hospital Nacional San Benito with modern medical equipment. The project includes funding from Rotary districts in Zones 30 and 31 stretching from Texas east to Alabama, Kentucky and Tennessee and north to Illinois. It is officially an effort of our own District 5830, Longview-based Refuge International and District 4250. That district includes the Guatemalan department, or state, of Peten that includes the hospital.

## Next week's program

**Staying healthy during the holidays** – Dr. Michelle Crum will provide tips and insights for staying healthy during the holiday season. Crum is a biologist who has worked with the Gregg County Health Department, federal Centers for Disease Control and Prevention/Association of Public Health Laboratories and St. Jude's Children's Research Hospital.
