## January is Rotary Vocational Service Month

### •What is the purpose of the Aviation Unit?

•The Aviation Unit is comprised of fourteen specially-trained police officers from various areas of the department. They are trained to use the Small Unmanned Aerial System or **sUAS** in a variety of public safety operations such as helping to find missing individuals, searching for suspects who are actively fleeing from the police and providing assistance in assessing damages and losses from natural disasters. The **sUAS** can also be used to take forensic photographs of complex crime scenes. Officers cannot use this small device in vehicle pursuits or to help with traffic citations. It will not carry weapons of any kind nor will it be used for routine patrols and surveillance.

### Today's Speaker:

**Trenton Fite**

Officer Fite has been a patrol Officer for 8 years with the City of Arlington Police Department. His past assignments include The Homeland Security Division and Violent Crimes Reduction Taskforce. Currently he is assigned to South Patrol and The Aviation Unit. He received a bachelor's degree in aviation and holds a Commercial Pilot certificates in fixed wing aircraft and remote UAS.
