December is Rotary Disease Prevention and Treatment Month

HOW ROTARY MAKES HELP HAPPEN

Disease does not prevent itself. We educate and equip communities to stop the spread of life-threatening diseases. Rotary members have hundreds of health projects underway around the world at any given time.

OUR IMPACT ON DISEASE

[The Rotary Foundation](#) is changing the world by providing grants for projects and activities around the globe and in your own backyard.

Rotary makes amazing things happen, like:

Providing clean water: Rotary has worked with partners to provide more than 80 percent of Ghana's people with clean water to fight Guinea worm disease

Reducing HIV infection: In Liberia, Rotary members are helping women get tested for HIV early in their pregnancies. They used prenatal care to reduce new HIV infections in children by 95 percent over two years.

Ending polio: Rotary members have played a key role in bringing the world to the brink of [polio eradication](#). Their efforts have not only ended polio in 122 countries but also created a system for tackling myriad other health priorities, such as Ebola.

\$65 Million in grants was given by Rotary to fight disease

99.9 Reduction in polio cases since our program started in 1985
