April is Rotary Maternal and Child Health Month

Dear fellow Rotarians,
Every two minutes, somewhere in the world, a woman dies from preventable causes related to pregnancy and childbirth. And babies whose mothers die within the first six weeks of their lives are far more likely to die themselves than babies whose mothers survive. As I've travelled around the world as President of Rotary, I've met families for whom these aren't simply tragic statistics. But I've also met people who are devoting themselves to helping mothers and children — and because of them, I'm hopeful. And because many of those people are Rotarians, I'm also proud. April is Maternal and Child Health Month in Rotary, so it's a perfect time to tell you about some things Rotarians are doing that will make you proud too.
-Barry Rassin President, Rotary International
